Cochrane Ecological Institute
Attn: Ken Weagle
PO Box 484
Cochrane, AB T4C 1A7

Dear Ken,

Thank you for your request for authorization to rehabilitate orphan black bear cubs. This letter is further to wildlife rehabilitation permit # 62569.

Your request for authorization to rehabilitate orphan black bear cubs is approved. You are authorized to rehabilitate a maximum of five (5) black bear cubs in selected areas included in your 2025 Facility Site Plan dated February 11, 2025 (attached).

This authorization expires on the Date of Expiry of wildlife rehabilitation permit # 62569, which is October 31, 2025.

Please refer to the [Alberta orphan black bear cub rehabilitation protocol](#) available online. This protocol addresses the rehabilitation of young-of-the-year orphan black bear cubs and is for use by those wildlife rehabilitation facilities with valid permits under the Wildlife Regulation that have been approved in writing by Alberta Environment and Protected Areas to rehabilitate orphan black bear cubs.

Please feel free to contact me if you have any questions.

Sincerely,

Sue Cotterill
Executive Director, Fish and Wildlife Stewardship
